

SPEED HUMPS

The speeding along Landis Lakes Drive has become a concern to residents who live on this street. Two concerned community members who are passionate about the safety for the families that live along this road have been canvassing the families on Landis Lakes Drive to see if there is enough support to have Public Works put in five speed humps to try and correct this problem. The rules for Public Works' involvement states that only residents that live along the actual street where the proposed speed humps will be installed can vote. It is not a decision of an entire HOA community or HOA board members. To learn more about the details of the speed hump approval process, review the document from Public Works on our website at www.LandisLakes.com/humps. The canvassing will continue over the next several weeks to the houses that are eligible to vote, and if enough support is garnered to move forward, the process will start of providing and collecting the official ballots to the voting population. If the vote passes, funding decisions will be considered. The total cost for this project

would be \$11,150. However, the cost to the neighborhood would be \$5,575, as metro government would cover half the cost. For further information regarding placement, etc., contact **Dennis Dicken** at 502-641-1967 / djdicken@gmail.com or **David Yoho** at (502) 552-8136 / davidyoho@davidyoho.com. Also, there is a possibility of adding another speed hump on Inspiration Way, if approved by Public Works (which would escalate the total cost to \$6,650).

Sale**

July 17, 8am - Noon

Likely to participate with us are The Woods of Landis Lakes, Academy Ridge and Landis Springs

NEIGHBORHOOD SAFETY

According to civil authorities, light and sound encourage uninvited, unwanted visitors to leave your property immediately.

Here are some simple, inexpensive methods to discourage unwanted visitors.

- Ensure all doors are closed and locked 24-7 including your garage.
- Install a home-alarm system that will alert you if anyone opens a door or easy-access window. This can and probably should include:
 - ➔ Motion-activated lighting and cameras with immediate notifications to your phone. (These can be installed separately and alone.)
 - ➔ Outdoor speakers to address your uninvited guests from your phone and to trigger outdoor alarms manually from your phone.
- Locate air horns strategically throughout the home.
- Discuss a plan with your loved ones in case there are intruders discovered outside or inside your home.
- Invest in self-defense training.
- Meet your neighbors – share your contact information. Be watchful of any vehicles on their property, especially during the day. If you're not sure your neighbors are home – call them!
- Consider a warning system with your immediate neighbors using a text or a neighbor alert App.

WELCOME TO THE NEIGHBORHOOD

We would like to welcome to our neighborhood **Pat and Holly Rigsby** and **Bill and Melissa Trent** (and their children) on Landis Lakes Drive. If you see any of these fine folks, please be sure to introduce yourself and make them feel welcomed.

NEIGHBORHOOD WATCH GROUP

Dennis Dicken is working with the Louisville Metro Police Department and gathering information to form a Neighborhood Watch Group. With the apparent increase in criminal activity in the East End, this type of program can be beneficial in ensuring our community is safe. Be on the lookout for something in your mailbox concerning a meeting that will take place on May 26, most likely around 6:30pm at the clubhouse (time and venue could change). This meeting may also be conducted virtually if several of the potential attendees have COVID concerns. If you prefer to get more information without waiting for the mailing, you may contact **Dennis at 502-641-1967 / djdicken@gmail.com**.

Back For Our Fifth Season

EASTWOOD VILLAGE COUNCIL

Farmer's Market
AT THE PARKLANDS

We're back at our Beckley Creek location.

Accepting new vendors and volunteers.

CDC Guidelines Observed.
